## hepcinat price in india

Hepcinat tablets price in India to online buy Natco sofosbuvir hepcinat tablets 400 mg from India wholesale exporters and suppliers. Tell Us What You Need Name \*

How Hepcinat Tablet works Hepcinat 400 mg Tablet is an antiviral medication. It works by lowering a load of hepatitis C virus in the body and removing the virus from the blood over a period of time.

India has been manufacturing hepatitis C generics since 2014, with the approval of Gilead Sciences and the FDA. Many newspapers around the country (USA), reported in 2014, the cost of Harvoni in India is \$675 and cost of Epclusa in India is \$675 , for 12 weeks treatment. Sovaldi cost in India is \$495 for 84 days or 12 weeks of treatment.

Hepatitis C comes in two structures: intense and unending. As indicated by the Centers for Disease Control and Prevention (CDC), around 15 to 25 percent of individuals who wind up contaminated with hepatitis C just build up an intense disease, which immediately clears from the body inside a half year.

Demega formulations India is leading exporter of HEPCINAT LP Tablets contains Ledipasvir 90 mg & sofosbuvir 400 mg Tablets a combination of anti-viral medications used in the treatment of Chronic Hepatitis C Virus
